

## Second Annual Meeting of Kazakh Physical Society

will be held on June 6-8, 2019 at Kazakh-British Technical University (KBTU), Almaty.

KBTU is pleased to announce the Second Annual Meeting of Kazakh Physics Society 2019 will take place in Almaty city, the southern capital of Kazakhstan. Today, Almaty is the largest metropolis, scientific and educational, cultural and

historical center of the country, which is located at the foot of the northern of Tien Shan ridge - Zaili Alatau. The building of KBTU is located in the center of Almaty, on the square "Astana" in the former building of the Supreme Council of the Kazakh SSR (Government House), which is included in the state list of historical and cultural monuments of republican significance.

Annual Meeting of Kazakh Physical Society (KPS) is devoted to provide a platform for communication, exchange, and coordination between scientists of the Republic of Kazakhstan, performing active research in different areas of physics and related sciences. The Meeting will collectively establish and support the high and internationally competitive standards of research in physics in Kazakhstan by facilitating national and international collaboration among physicists and promote values of science in technology among general population and especially young people of Kazakhstan.

- The KPS Annual Meeting consists of plenary, invited, regular, and poster presentations on all topics of physical sciences.
- All reports at the conference are based on the results of articles published in the last 3 years in the journals with impact factors included in the ISI Web of Science and Scopus databases. Submission of the abstract to the conference consist of 1 page, including title, author names, affiliations, text and references, possible single figure, and a mandatory reference to the original article, on which the report is based, with the publication year 2016-2019.
